"Andrea, you truly embody everything that I look for in a wonderful seminar leader. Your professionalism shines through in all that you do...from the way that you are continually developing new ideas for seminars to the generous ways in which you share information with students. These days, it's difficult to find presenters who are both splendid behind the podium *and* easy to work with....you are a master of both!"

Debra G. Leopold  
President  
First Class Inc. Lifelong Learning Center
